HAZELTON, B. C. SATURDAY, OCTOBER 5, 1912

PRICE \$2.00 A YEAR

## WILL ABOLISH THE POLL TAX

Premier McBride Announces Important Changes In Provincial Taxation System

### PERPARING FOR SESSION

Provincial Parliament Which Meets In January Will Deal With Much Important Legislation—Settlement of Lands—Progress of Railway Construction

(Special to The Miner)

Vancouver, Oct. 3.—The announcement that the three-dollar poll tax will be abolished when the legislature meets in January, and that important reductions in personal and real property taxation will also be made at the approaching session of the provincial house, was made today by Sir Richard McBride. The premier came to Vancouver with the Duke of Connaught and party, all attending the New Westminster fair, which the governor-general formally opened.

True to its principle of assisting in the improvement of economic and industrial conditions throughout the province, Sir Richard said, the government holds the view that all revenue necessary to carry on the business of the government should be derived from natural resources, without recourse to direct taxation.

"In such a young, growing province, the question of taxation cannot be solved as rapidly as we could wish," said the premier, "but we have an ideal in view and are steadily working toward its accomplishment."

Besides taxation matters, other important legislation will be considered, but to outline the proposed enactments would pre-mature. It is expected that the municipal commission will present its report which will enable the house to proceed with the consolidation of the municipal legislation. Sessional work is becoming increasingly heavy, owing to the rapid development of the country. The government expects during the next two weeks to make announcements respecting the provincial university and also with regard to the labor and agricultural commissions which the administration has promised to appoint.

The premier stated that reports received by the government indicate that the past summer has witnessed a very large settlement on lands throughout the province, an augury of greater things next year.

Sir Donald Mann gives assurance that work on the Canadian Northern railway will be rushed to assure completion from sea to sea in 1914, and the Pacific Great Eastern will soon be employing thousands on construction work.

Speaking of the royal tour, Sir Richard said no representative of the Crown was ever more enthusiastically received than the Duke of Connaught. By their gracious, yet democratic, ways the Duke, the Duchess and Princess Patricia had endeared themselves to everyone. Returning from New Westminster, the royal party left for the east tonight, by special train.

The church service in the auditorium tomorrow evening will be conducted by Rev. R. W. Lee, who will take as the subject for his sermon "The Originality of Christ."

**Big Timber Revenue**  
Victoria: The September revenue from timber was \$250,000. Seven thousand dollars was paid in for forest protection.

## Notable Visitor From the Prairies

Among recent prominent visitors to Hazelton is Rev. J. P. Sargent, Dean of Qu'Appelle, Saskatchewan, who arrived last Saturday evening to spend a week with his son, R. S. Sargent, the Hazelton merchant. Rev. Mr. Sargent is one of the pioneer clergymen of the Canadian West, having been in Manitoba and Saskatchewan ahead of the Canadian Pacific railway. He has seen the development of the prairie provinces to their present prosperous condition, and his opinion that great things are in store for this district is of considerable weight. At St. Peter's church on Sunday evening the reverend gentleman conducted the services. He will leave for his home city tomorrow.

## EXPRESS SERVICE IS INAUGURATED

Canadian Express Co. Now Operating Between Prince Rupert and South Hazelton

An innovation which will be well received by the business men of Hazelton was announced on Wednesday, when N. J. Ross, of Winnipeg, superintendent of the Canadian Express Co., came up from the coast to arrange an extension of his company's service to South Hazelton. He was accompanied by Alfred Scholey, who will officiate as express messenger between Prince Rupert and this point.

Mr. Ross, who has supervision over the district from Port Arthur to Prince Rupert, informed The Miner that his company was already operating over the G.T.P. steamship system on the coast, and would extend the service on the railway as various points were reached by steel. Several parcels were brought up on Wednesday's train, and the regular service is now in operation, with J. E. Beaucamp, station agent at South Hazelton, as the company's agent for this point.

### Ingeneca Men Return

Peter and Chris Jensen, pioneers of the Ingeneca placer district and discoverers of McConnell creek, have returned from their season's mining and prospecting in that district, to spend the winter in Hazelton. They are somewhat reticent as to the result of their season's work, but express confidence in the future of the district as a profitable mining center.

### Two Ex-Premiers

Vancouver, Oct. 3.—Two former premiers of Canada are now in Vancouver. Sir Mackenzie Bowell arrived today on a visit to his son, while Sir Charles Tupper, who continues well and active, is a resident of the city.

### A Day Off

Victoria, Oct. 2.—The Duke of Connaught, Lieutenant-governor Paterson and others enjoyed a shooting trip to Moresby Island today, while the Duchess and Princess Patricia, with Sir Richard McBride, Sir Donald Mann and others, visited Shawnigan Lake and witnessed operations in a logging camp.

## G. T. P. STEEL REACHES HAZELTON STATION SITE

Rails Laid to South Hazelton on Thursday—Establishment of Depot Will be to Great Advantage of Town—Development Plans Are Expected Shortly.

Making good the promise of Superintendent Mehan, the Sealey gulch bridge was completed on Monday, and on Thursday the steel was laid to the South Hazelton station site. Preparations are now being made to provide depot facilities at the townsite across the Bulkley, and within a few days Station Agent J. E. Beaucamp will be in charge at the South Hazelton station, which will be the end of steel, so far as commercial business and passenger traffic is concerned, for some time to come. Work on the long siding which is to accommodate Hazelton business is now under way.

The people of Hazelton are naturally, elated at eventually being provided with temporary station facilities, which will allow them to transact business here until such time as removal to

South Hazelton becomes necessary. It is the general opinion that the present town will experience one of the most prosperous winter seasons in its history. The great amount of work incident to the development of the new town will entail considerable expenditure, making plenty of business for the merchants of Hazelton.

It is reported from Ottawa that the engineers of the railway board have passed the plans for the South Hazelton station, and only the formal approval of the commissioners is required before the establishment of permanent yards and station are undertaken. A mud slide in a large cut between Sealey and Skeena Crossing may prevent the arrival of tonight's train at South Hazelton. A crew of men is working on the slide.

## Refused Million For Silver Standard

Vancouver, Oct. 4.—The announcement is made here today that the owners of the Silver Standard mine at Hazelton have refused an offer of \$1,000,000 for the property. The offer was made by the Federal Mining Company, which is controlled by the Rockfellers. The would-be purchasers are the owners of the largest silver-lead mines in Idaho. J. W. Stewart and other owners of the Silver Standard, together with J. L. Retallack, the noted Slokan mining man, have recently been at Hazelton examining this and other properties.

### Owen Lake Group

Frank Brown and Lou Woods, who have a bond on the Owen Lake group, on Morice river, have received highly encouraging returns from the assays of general samples from the tunnels recently started on three of their veins. The ore is concentrating, and the assay values indicate that the property is of considerable value. On No. 1 vein six feet of ore carries \$44.50 in silver lead and zinc; No. 2 gives values of \$11 across 5 1/2 feet, while from No. 3 vein, six feet wide, a \$21 assay was obtained. There are excellent values for large bodies of concentrating ore. These are six veins running parallel, in a wide porphyry dike. The country rock is quartzite and andesite. Work will be continued through the winter, and as the showings are rapidly improving, the operators expect to prove a mine before spring.

### Solution of Indian Trouble

(Special to The Miner)

Victoria, Oct. 4.—It is understood a settlement of the Indian reserve question, involving the matter of the reversionary rights of the province and other issues, has been reached by the province and the Dominion. Dr. McKenna, who has been investigating, will submit to the federal authorities a copy of the proposed agreement. Mutual concessions, it is said, saved the submission of the question to the courts.

### Fire Season Over

Victoria, Sept. 30.—The time when forest fires occur, officially, in British Columbia expires Oct. 1st and on that date most of the wardens will be withdrawn for the season.

The first of the month will also see the removal, for the rest of

the season, on the prohibition of setting fire without a permit, but conditions for burning slash are so favorable just now that the forest officials recommend the immediate disposal of any that may have accumulated during the year, permission of course being first secured from the fire warden of the district. At the same time the utmost care should be taken. Where there is any danger to timber or buildings, it is well to make a firebreak. Fire should be set on the leeward side so that it may burn against the wind and where slash on a hillside is set afire it should be in such a way that it will burn downhill. It will thus burn on quietly and smolder.

Where there is a large mass of slash to be disposed of it is always well to set the torch to it in several places, in order that it may burn inwards to the centre and, even in a wind, can not become a menace to surrounding timber or dwellings as would be the case if it were set fire to in one place and then caught by the wind and a sheet of flame driven off to one side.

### Important Decision

(Special to The Miner)

Vancouver, Oct. 3.—The provincial Companies Act is declared intra vires by Justice Murphy, in a lengthy decision handed down yesterday. This is a complete victory for the province, in the first stage of an appeal to the Privy Council by the Deane Plow Co., a Winnipeg manufacturing corporation which violated the act by doing business in the province without being registered as an extra-provincial company.

### Royal Party Eastbound

Vancouver, Oct. 4.—The Duke of Connaught and party left today for Vernon. They will tour the Okanagan country.

**Imperial Parliament**  
London: The House of Commons, opening on Monday, will debate on the Titanic disaster, Home Rule debate follows.

## Has High Opinion of Hazelton District

(Special to The Miner)

Vancouver, Oct. 3.—John Fensom, a Toronto manufacturer, has just arrived here from a trip over the Grand Trunk Pacific along the Skeena. He gives high praise to the Hazelton district. Speaking of agricultural products, he says the vegetables grown in the vicinity of Hazelton surpass in excellence specimens of the same varieties which were prize-winners at the Canadian national exhibition at Toronto. The whole district, he says, will have a bright future.

### Mining Club Expanding

Vancouver, Oct. 3.—At a meeting of the Vancouver Mining Club last night, it was decided to start a campaign for a thousand members.

## DEMONSTRATION AT BELFAST ORDERLY

Ulster Day Passed Without Anticipated Trouble—Thous- sands Sign Covenant

Belfast, Sept. 30.—As a crowning proof of their determination never to submit to the domination of an Irish parliament on the lines of the home rule bill, thousands of Ulsterites, as the Unionists and Orangemen are designated, devoted Saturday to signing the solemn covenant prepared by the anti-home rule leaders.

No serious disturbances took place during the day, although several minor fights occurred, but these were soon stopped.

Sir Edward Carson was the first to sign the covenant, which pledged him to "use all means found necessary to defeat the present conspiracy to set up home rule in Ireland," and also refuses to recognize the authority of an Irish parliament.

Thousands of the rank and file of the party signed the covenant after Sir Edward Carson had done so. Solemn religious services were conducted during the signing of the document.

### Coronado Ore

Mining men are much interested in the big display of high grade silver-lead ore brought in from the Coronado group, on Hudson Bay mountain, during the week. The mineral is of very attractive appearance, and carries high values.

P. R. Fleming, of Victoria, who is interested with R. J. McDonnell and Jack Halley in the ownership of the mine, is expected to arrive here next Wednesday. The owners will pay a visit of inspection to the property, and will then perfect arrangements for development. A crew will be kept at work throughout the winter, and it is probable that a new tunnel will be run, to give considerable depth on the big ore bodies.

### Vanderbilt Cup

Milwaukee, Oct. 2.—De Palma won the race for the Vanderbilt cup today, driving his Mercedes car 299 miles in four hours and two seconds. Bruce Brown, a wealthy New York motorist, one of the competitors, was killed in the race.

## WAR ON TURK THREATENED

Combination of Balkan States to Give Battle to Ottoman Oppressor

## POWERS INTERVENING

Ultimatum Calling for Evacuation of Macedonia Will be Withheld Until Monday—Balkan Armies Being Placed on War Footing—Fighting on Frontiers

London, Oct. 5.—The Balkan war cloud looms large and dark. Incensed by the renewal of Turkish atrocities in Macedonia, the Balkan states have prepared an ultimatum, demanding the cessation of Turkish military operations within 48 hours and the evacuation of Macedonia. The prompt intervention of the Powers has resulted in the ultimatum being withheld until Monday, but the Balkan nations are, with the exception of Roumania, engaged in placing their armies on a war footing.

Numerous clashes between Turkish forces and Bulgarian and Serbian troops are already reported.

### Bulgaria's Stand

Sofia, Bulgaria, Oct. 3.—Regarding the Bulgarian war declaration against Turkey, a cabinet minister says that while every member of the government advocates peace, yet systematic provocation by the Turks has forced Bulgaria to take action which was really the duty of the powers.

### Turkey Preparing

Constantinople, October 3rd.—"Strike hard at Bulgaria" is the Turkish military slogan, in reply to the threat of a general Balkan war. Turkish troops are assembling, and a general mobilization is looked for.

### Italy Supports Powers

Rome, Oct. 3.—Italy, though at war with Turkey, has joined with the peacemakers, and is supporting the Powers in an effort to prevent the Balkan states from combining in an attack upon Turkey.

### May Go To War

Chicago, Oct. 3.—Bulgarians and Servians living in Chicago, to the number of several thousand, are drilling regularly, in expectation of being called upon to take part in a general attack on Turkey. There are 45,000 here.

### Fight On Frontier

Vienna, Oct. 3.—It is reported that a Serbian regiment has repulsed a Turkish battalion as the latter was crossing the Serbian frontier. The total casualties were under fifty in number.

### Relic of Nelson

Sydney, N. S. W., Sept. 30.—Bearing marks which leave no reason for doubt, a sea chest has been unearthed in Sydney which originally belonged to Lord Nelson.

It is believed by historians and others here that from the general appearance of the chest, which bears signs of much sea life, it must have seen active service with Lord Nelson on board the Victory, at the battle of Trafalgar.

The discovery has resulted in much excitement, and the opinions of several antiquarians are very much discussed.

VOL. II. SATURDAY, OCTOBER 5, 1912. No. 5.

At last the railway steel has reached Hazelton. On Thursday the whistle of the tracklaying engines drew the eyes of the people of the town to the South Hazelton station site, where the steady progress of the work was plainly visible from the old town. Tonight's train will bring its passengers to the new townsite. The people of Hazelton have waited long for the steel, and now that the railhead has reached the site they have chosen for their station there is an even more optimistic feeling than has been manifested by the business men of the town in the past. With the ferry affording ready means of communication with the station, and the prospect of the early construction of a government bridge to connect the old and new towns, there is every reason for the belief that the district and the town which always has been and will continue to be its center are at the beginning of a period of great growth and prosperity.

Instead of having to remove to an inconvenient point, the people of the present town can continue to do business at the old stand until the time comes for them to establish themselves on the beautiful site immediately across the Bulkley.

With the construction of a substantial bridge to South Hazelton and some necessary improvements to the roads, the settlers of the Skeena and Kispiox, as well as the miners of Glen mountain and Nine-Mile, will have communication with the railway at the most convenient point for the shipment of their products. The farmers on the other side of the Skeena, where there is a large and important area of first-class agricultural land, will doubtless meet with success in their effort to secure the installation of a cable ferry to South Hazelton, and will then have a convenient market for their produce.

In the meantime, South Hazelton will be the end of steel for some little time.

## Would Rearrange Calendar

German scientists are planning to systematize and normalize the world. They want things all made equal, simple and smooth.

The leaders of the movement are Prof. Wilhelm Ostwald, the Nobel prizewinner of 1909; Prof. Schmoller of Berlin, and Dr. Klaus Wagner, traveller, and others.

They have plans for publishing all books in standard sizes, compelling Master to fall always on the same day of the same month, reforming the calendar, revolutionizing chronology, and turning arithmetic inside out.

The day of the reform future will have a hundred hours, each divided into a hundred minutes, and each minute into a hundred seconds.

"The exigencies of life have already introduced in practice this system of chronology; it remains only to recognize the fact," says Prof. Wagner, "We do not count time by hours, but by quarter hours, of which there are nearly 100 in the day."

"When a man wants to state time roughly he states it by the quarter; appointments are made by the quarter and for practical purposes fifteen minutes is the real time. Less than fifteen minutes does not count much, while half an hour is too long a unit."

"The new hours, being a hundredth part of the day, will each contain fourteen and two-fifths minutes, which is practically a quarter of an hour. Instead of saying 'a quarter to one,' people will say simply 'at forty-nine.'"

Prof. Wagner says people will get used to that in a few days. The practical obstacles are small. Every new clock will have a dial divided into 100 parts. The hour hand will go round the new clock only once a day. Old clocks can be easily adapted. They will need new dials, with double rows of figures and from fifty to one hundred and the hour hand will complete the circuit twice a day.

"Weeks that refuse to fit into the year and meaningless, irregular months must also be radically reconstructed. The week of the

future will have six days. It will begin on Monday, drop Saturday altogether and end with Sunday. There will be sixty Sundays in the year.

"The month must contain six weeks—that is, thirty-six days—and there will be ten months in the year. In that case any date of the month will always fall on the same week day. This will save tremendous trouble."

"This arrangement provides for only 360 days. The remaining five will not count as days of the week. That would upset the symmetrical months and weeks. The odd five will be switched in whenever convenient and used for holidays, such as Christmas, Easter and the nation holidays of the different countries. Leap Year would not spoil the harmony, because Leap Year Day would not be February 29, but a dateless, intercalated day."

"With such a division of time the year would not any longer fall into quarters. Things that are now done quarterly would be done every two months, that is, every seventy-two days. Quarterly reports, quarterly meetings and so on would all be regulated on the two-month basis. This would be an advantage in itself, once people got used to it."

Professor Wagner, backed by all the systematizers, holds that the day should be forced to begin at a natural hour—at 6 a. m.

## Seattle Wins Pennant

Vancouver, Sept. 30:—The Northwestern League games ended today with Seattle winner of the pennant. Spokane secured second place after a hard fight with last year's champions, Vancouver, who made third place, one game behind the Indians. The standing of the clubs was:

Seattle won 96 games and lost 66.  
Spokane won 92 games and lost 72.  
Vancouver won 92 games and lost 73.  
Both British Columbia teams started the season well and for the first month Victoria had premier place.

Vancouver at one portion of the season looked like certain winners, winning sixteen games in succession, but a month ago took a slump.

## LAND NOTICES

Omineca Land District. District of Coast Range V.  
Take notice that Robert C. Sinclair, of Hazelton, broker, intends to apply for permission to purchase the following described lands:

Commencing at a post planted at the northwest corner of lot 1187, District of Coast, Range 5, thence west 80 chains, south 40 chains, east 40 chains, north 20 chains, to point of commencement, containing 240 acres more or less, Sept. 21, 1912. "12" Robert C. Sinclair.

Hazelton Land District. District of Cassiar.

Take notice that Angus H. MacIsaac of Gitwangak, telegraph operator, intends to apply for permission to purchase the following described lands:

Commencing at a post planted at the southeast corner of lot 333, District of Cassiar, thence east 40 chains, south 20 chains, west 40 chains, north 20 chains, to point of commencement, containing 80 acres more or less, Sept. 4, 1912. "12" Angus H. MacIsaac.

Peace River Land District. District of Cassiar.

Take notice that Oscar Samson of Vancouver, contractor, intends to apply for permission to purchase the following described lands:

Commencing at a post planted on the south bank of the Finlay river, thirty-eight miles from the mouth of the said river and about one-half mile west and marked O. S.'s a. corner, thence west 80 chains, north 80 chains, east 80 chains, south 80 chains, to point of commencement, containing 640 acres more or less, July 18, 1912. 12 John MacDonell, Agt.

Omineca Land District. District of Cassiar.

Take notice that Frank H. Stafford of Vancouver, insurance agent, intends to apply for permission to purchase the following described lands:

Commencing at a post planted at the S. E. cor. of lot 2174, thence west 80 chains, south 40 chains, to the north bank of the Bulkley River; thence following the bank of the Bulkley River in a southerly direction to a point 80 chains south of the southerly boundary of lot 2174; thence east 55 chains; north 80 chains to point of commencement, containing 600 acres more or less, Sept. 5, 1912. "12" Frank H. Stafford.

Omineca Land District. District of Cassiar.

Take notice that Wilson E. Freeland of St. Thomas, Ontario, contractor, intends to apply for permission to purchase the following described lands:

Commencing at a post planted at the southeast corner of lot 2174, thence east 80 chains, south 80 chains, west 80 chains, north 80 chains to point of commencement, containing 640 acres more or less, Sept. 5, 1912. Wilson E. Freeland. 12

Omineca Land District. District of Coast, Range 5.

Take notice that Winifred M. Deming, of St. Paul, Minn. widow, intends to apply for permission to purchase the following described lands:

Commencing at a post planted at the northwest corner of lot 1187, District of Coast, Range V, thence north 80 chains, west 80 chains, south 40 chains, east 40 chains, to point of commencement, containing 480 acres more or less, Sept. 21, 1912. "12" Winifred M. Deming.

## WATER NOTICE

For A Licence To Take And Use Water.

Notice is hereby given that I, John James Kenneth Frost, of Hazelton, B. C., will apply for a licence to take and use 1 cubic foot per second of water out of an unnamed creek, which flows in a westerly direction through P. R. 1063 (Ungrazetted) Lot 2416 and empties into Skeena River near Hazelton. The water will be diverted at N. Boundary P. R. 1063 and will be used for irrigation purposes on the land described as P. R. 1063 Ungrazetted Lot 2416.

This notice was posted on the ground on the 13th day of September 1912. The application will be filed in the office of the Water Recorder at Hazelton. Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C.

John J. K. Frost. (Applicant).

## COAL NOTICES

Omineca Land District. District of Cassiar.  
Take notice that George M. Beltrone of Hazelton, B. C. miner, intends to apply for a licence to prospect for coal and petroleum over the following described lands:

Commencing at a post planted about 4 miles west and 2 miles south of the west end of Chas. lake, thence north 80 chains, east 80 chains, west 80 chains, south 80 chains, to point of commencement, known as claim 38, Aug. 9, 1912. George M. Beltrone.

Omineca Land District. District of Cassiar.  
Take notice that George M. Beltrone of Hazelton, B. C. miner, intends to apply for a licence to prospect for coal and petroleum over the following described lands:

Commencing at a post planted about 4 miles west and 2 miles south of the west end of Chas. lake, thence north 80 chains, east 80 chains, west 80 chains, south 80 chains, to point of commencement, known as claim 39, Aug. 9, 1912. George M. Beltrone.

Omineca Land District. District of Cassiar.  
Take notice that George M. Beltrone of Hazelton, B. C. miner, intends to apply for a licence to prospect for coal and petroleum over the following described lands:

Commencing at a post planted about 6 miles west and 2 miles south of the west end of Chas. lake, thence north 80 chains, east 80 chains, west 80 chains, south 80 chains, to point of commencement, known as claim 41, Aug. 9, 1912. George M. Beltrone.

Omineca Land District. District of Cassiar.  
Take notice that George M. Beltrone of Hazelton, B. C. miner, intends to apply for a licence to prospect for coal and petroleum over the following described lands:

Commencing at a post planted about 6 miles west and 2 miles south of the west end of Chas. lake, thence north 80 chains, east 80 chains, west 80 chains, south 80 chains, to point of commencement, known as claim 42, Aug. 9, 1912. George M. Beltrone.

Omineca Land District. District of Cassiar.  
Take notice that George M. Beltrone of Hazelton, B. C. miner, intends to apply for a licence to prospect for coal and petroleum over the following described lands:

Commencing at a post planted about 6 miles west and 2 miles south of the west end of Chas. lake, thence north 80 chains, east 80 chains, west 80 chains, south 80 chains, to point of commencement, known as claim 44, Aug. 9, 1912. George M. Beltrone.

Omineca Land District. District of Cassiar.  
Take notice that George M. Beltrone of Hazelton, B. C. miner, intends to apply for a licence to prospect for coal and petroleum over the following described lands:

Commencing at a post planted about 6 miles west and 2 miles south of the west end of Chas. lake, thence north 80 chains, east 80 chains, west 80 chains, south 80 chains, to point of commencement, known as claim 45, Aug. 9, 1912. George M. Beltrone.

Omineca Land District. District of Cassiar.  
Take notice that George M. Beltrone of Hazelton, B. C. miner, intends to apply for a licence to prospect for coal and petroleum over the following described lands:

Commencing at a post planted about 6 miles west and 2 miles south of the west end of Chas. lake, thence north 80 chains, east 80 chains, west 80 chains, south 80 chains, to point of commencement, known as claim 46, Aug. 9, 1912. George M. Beltrone.

## Notice to Creditors

ESTRA EVANS DECEASED:—Notice is given that E. H. Hicks Beach of Hazelton, B. C. Notary Public, has been appointed Executor in the Estate of Ezra Evans late of Hazelton, storekeeper and miner, who died at the Hazelton Hospital, Skeena River, British Columbia on the 24 day of June 1912, and all creditors and other persons having claims against the estate of the late Ezra Evans are required to send them forthwith, with particulars, to the undersigned.

And take notice that after the 1st day of October, 1912, the said Executor will proceed to distribute the assets in the estate, and that he will not be responsible nor liable for the said assets or any part thereof to any person of whose claim he shall not then have received notice.

E. H. Hicks Beach.

Dated at Hazelton, British Columbia this 29th day of August 1912.

4

EXTENSION OF TIME

NOTICE is hereby given that the time for the reception of tenders for the construction of the Victoria Harbour, B. C., Breakwater, is further extended to Tuesday, October 15, 1912.

By order,

R. C. DESROCHERS,

Secretary.

Department of Public Works,

-72848, Ottawa, August 31, 1912. 3

NOTICE

NOTICE is hereby given that the Government Office, at Fort Fraser, will be open on the 16th. September next, and on and after that date all business connected with the Fort Fraser Land Recording Division must be transacted at that office.

A. E. McMASTER, General Agent, PRINCE RUPERT, B. C.

## WILL INVESTIGATE COAL AND MINERAL

Dominion Bureau of Mines Sends Official To Report On Resources of British Columbia

Coal mining in Alberta and British Columbia is the subject of a special investigation by Joseph G. S. Hudson, M. E., of the mines branch of the interior department, Ottawa. Mr. Hudson is now on his way to the Nicola and Similkameen districts, having just completed a tour of Vancouver Island. He will also visit the Crows Nest region.

He is preparing detailed information about the operations of the various coal mining companies which are also asked to supply data for schedules relating to the coal areas owned by each corporation, output, transportation facilities, cost of coal for developing electrical power, etc. The information will be kept on file in the department and will be available for public use, as scores of enquiries are being received daily from people all over the world. The idea of having detailed information ready for prospective investors and others originated with Dr. Eugene Haanel, director of the branch. The same method is being extended to all the other branches of mining, and engineers of the department are now visiting the mining centres of Canada. Dr. Wilson, of the staff, will visit British Columbia to report on the copper mining industry.

Mr. Hudson states, that coal from the various coal districts is being tested in the laboratory at Ottawa, each individual shipment consisting of twenty tons. The same tests will be applied to the precious metals, as a five-ton concentrator and a five-ton stamp mill are now being installed in the government plant. Under the plan adopted by the department, any enquirer will be supplied free with information respecting any mining district or producing mine in the Dominion.

## KETTLE VALLEY MEN OPPOSE DOUKHOBORS

Memorial Presented at Grand Forks Takes Exception to Queer Russian Colonists

Grand Forks, Sept. 30.—The feature of the sitting of the Doukhobor enquiry commission here, was the presentation by a citizens' committee setting forth reasons why the Doukhobors are considered detrimental to the city, valley and province. The Doukhobors, it was stated, had acquired some of the choicest lands in the district on which the pioneer work had already been done, and are said to be negotiating for further productive areas. The fear was expressed that the newcomers, if allowed to come into the district at the rate they have been coming for some years past, would crowd out the original settlers.

The difficulties of assimilating an entire foreign colony were dwelt upon in the presentment, which says:

"Historically the Doukhobor Society does not recognize nor concede, and never has recognized, or conceded the authority of any government and as such can never become assimilated with our own people inasmuch that their peculiar religion will prohibit them from obeying our laws or following our customs. In this sense, we believe that any considerable number residing in a community in this province will be a menace and detriment to the best interests of the district, as a whole.

"We would emphasize the fact that we object to the Doukhobors commercially only in the sense that they do not live the life of our present population, and that their example as citizens is not desirable. Their presence is

keeping out desirable citizens and retarding the healthy physical and national development of one of the finest sections in the province. Today, after three years residence in this valley, we find the members of the Doukhobor Society boldly defying our law, which has created a feeling of unrest among our people, has depreciated our land values."

Exception was also taken to the Doukhobors on moral grounds.

## Russians for Omineca

Vancouver, Sept. 30.—"One thousand Russians will leave in two weeks for Northern British Columbia, where they will establish themselves as permanent colonizers and residents."

This was the statement given out by A. M. Assanshaw, the head of the Russian colonization movement, who with five Russian representatives, leaving for the north Thursday evening to complete arrangements for the immediate occupancy of the land by the colonists.

Five hundred of the Russians will settle at Moricetown, thirty miles southeast of Hazelton, on the G. T. P., and the other half will colonize the territory between Decker and Burns Lakes, 100 miles farther south. Each colonist will have from forty to eighty acres.

Half of the Russians will start to clear the land and build homes immediately, while the rest will obtain work as contractors on the G. T. P.

They will live in tents or improvised houses until permanent dwellings can be erected.

Each colony will have a central village, where a school or church will be erected. A general store will be erected where the colonists can obtain necessary provisions. The quantities of agricultural implements and horses and cattle which they will need will be supplied through the Vancouver office. These Russians were originally from south east Russia. They are expert farmers and are well fixed in a financial way.

Mr. Assanshaw is now negotiating for one hundred thousand acres additional land which will be settled next spring.

Five thousand more Russians will be provided with homes through this colonization association by next march in time for spring crops to be planted.

## Five Were Drowned

Omenee, Ont., Sept. 30.—William McCaffery, his wife, mother and two children were drowned in Pigeon river yesterday when their canoe upset. They were fishing and McCaffery hooked a fourteen pound maskinonge, which pulled so hard it overturned the frail craft. McCaffery was assistant manager of the Canadian General Electric Co. of Toronto.

## Canada's Trade

Ottawa, Sept. 30.—The trade of Canada for the first third of the fiscal year, shows an increase of nearly eighty millions dollars, or a little over 80 per cent., as compared with the corresponding three months of last year. The total trade for the fiscal four months of the present fiscal year was \$323,635,844, as compared with \$249,081,786 last year.

Imports this year totalled \$210,766,457, an increase of \$47,907,809. Exports totalled \$117,870,437, an increase of \$31,697,599. Imports for domestic consumption during the four months totalled \$209,334,046, an increase of \$52,396,666. Domestic exports totalled \$107,908,936, an increase of \$29,604,820. Exports of agriculture improved by nearly \$23,000,000, and exports of manufactured goods by over \$2,000,000 and exports of mines by four and one-half million.

If the present rate of increase is continued for the full twelve months, Canada's trade for the fiscal year will run over the billion dollars mark.

## LAND NOTICES

Peace River Land District. District of Cassiar  
Take notice that Patrick J. Donohoe of Vancouver, architect, intends to apply for permission to purchase the following described lands:  
Commencing at a post planted on the north bank of the Finlay river 37 miles from the mouth of the said river, and marked P. J. D's. sw. corner, thence east 80 chains, north 80 chains, west 80 chains, south 80 chains to point of commencement, containing 640 acres more or less; said post marked P. J. D's. corner.

Aug. 13, 1912.

Peace River Land District. District of Cassiar  
Take notice that Frank A. Jackson of Hazelton, miner, intends to apply for a license to prospect for coal and petroleum over the following described lands:  
Commencing at a post planted at the northwest corner of lot 985, thence south 80 chains, west 80 chains, north 80 chains, east 80 chains to point of commencement, containing 640 acres more or less. Known as claim No. 98.  
Frank A. Jackson, agt.  
July 19, 1912.

Peace River Land District. District of Cassiar  
Take notice that Robert Howard McAllister, of Vancouver, broker, intends to apply for permission to purchase the following described lands:  
Commencing at a post planted on the south bank of the Finlay river 33 miles from the mouth and 1-2 miles west, marked R. H. McA's. se. post, thence west 80 chains, north 80 chains, east 80 chains, south 80 chains to point of commencement, containing 640 acres more or less.  
Robert Howard McAllister, agt.  
July 17, 1912 John Macdonell, agt.

Peace River Land District. District of Cassiar  
Take notice that John Elliot, of New Westminster, B. C., investor, intends to apply for permission to purchase the following described lands:  
Commencing at a post planted on the south bank of the Finlay river 32 miles from the mouth, marked J. E's. se. post, thence west 120 chains, north 80 chains, east 40 chains, thence following the course of the river to point of commencement, containing 640 acres more or less.  
John Elliot, agt.  
July 17, 1912 John Macdonell, agt.

Peace River Land District. District of Cassiar  
Take notice that James P. Martin, of London, Ontario, broker, intends to apply for permission to purchase the following described lands:  
Commencing at a post planted on the south bank of the Finlay river 32 miles from the mouth and 2-1/4 miles west, marked J. P. M's. se. post, thence west 80 chains, north 80 chains, east 80 chains, south 80 chains to point of commencement, containing 640 acres more or less.  
James P. Martin, agt.  
July 17, 1912 John Macdonell, agt.

## Sale of Lands for Unpaid Delinquent Taxes in the Omineca Assessment District, Province of British Columbia.

I HEREBY GIVE NOTICE, that on Saturday the 12th day of October, A. D. 1912, at the hour of two o'clock in the afternoon, at the Court House, in the Town of Hazelton, I shall sell at public auction, the lands of the persons in the list hereinafter set out, for the delinquent taxes remaining unpaid on the 31st day of December, A. D. 1911, and for interest, costs and expenses, including the cost of advertising said sale, if the total amount due is not sooner paid.

### LIST ABOVE MENTIONED.

## The World's Doings in Brief

News Notes from Many Sources

Three United States army aviators were killed on Saturday last.

The British naval force in the Mediterranean will be greatly increased in 1913.

The new British cruiser Princess Royal has made a further record of 34.7 knots an hour.

Sir David Burnett, an alderman in the London council since 1902, has been elected Lord Mayor of London.

Lord Kitchener, who is on his way to Egypt, has received warning that his life will be attempted en route.

The C.P.R. is planning another addition to the Empress hotel in Victoria. The new structure will include 200 rooms.

The Fraser river steamer B. X. went on the rocks six miles below Fort George and is out of commission for the season.

A railroad to be known as the Mexican Gulf and Manitoba, is projected from Baton Rouge, Louisiana, to Winnipeg.

The Nicaraguan rebel general, Mena, has surrendered. His capture is taken to indicate the collapse of the insurrection.

The C. P. R. is reported to be arranging for terminals in Milwaukee for the Soo Line, one of its American subsidiaries.

A company which proposes to manufacture potash from kelp has filed locations on seaweed beds on the Washington coast.

A rich placer strike on Boulder creek, six miles from Nome, is reported. The find is believed to be on an extension of the third beach line.

Several Indian potentates are subscribing for prizes to be given for aeroplane flight from England to India; The route mapped out covers 4,000 miles.

An account book kept by the New Westminster bank robbers while in Chicago showed their expenses to have amounted to as much as \$2000 daily.

Canada is to be granted a Cardinal at the next consistory. In the person of Monsigneur Bruchesi, of Montreal, according to The London Chronicle.

P. Welch has taken a contract for the construction of the Pacific Great Eastern, from Vancouver to Fort George, and will begin work at Lillooet within a week or two.

Ernest Barry, the world's champion sculler, and Eddie Durnan, the Canadian champion, will row their race on the Thames, between Putney and Mortlake, next Saturday.

A new movement toward peace in northern Mexico was made by President Madero and his cabinet who instructed the minister of war to offer amnesty to the followers of Pascual Orozco, the rebel leader.

Leonardo da Vinci's masterpiece, "Mona Lisa," stolen from the Louvre museum in Paris in August of last year, is hanging on the walls of a private gallery in St. Petersburg, according to a Russian paper.

A general strike of a distinctly revolutionary character is said to be imminent in Spain, where building trades, dock, and railway employees threaten to go out unless the demands of the last-named are granted.

William Ferguson, the man who shot and killed Canadian Customs Inspector Herbert at Detroit on July 25th, for not allowing him to enter Canada on account of physical disability, was found guilty and sentenced to life imprisonment.

A division of the Turkish army in Janina, in the southern part of Albania, has declared against the government. An anti-government movement among the troops of Saloniki is also noticeable. It is based on resentment over concessions granted to the Albanians.

The issue of the independent Chinese loan in London last week was a failure as far as the public was concerned. Only about 40 per cent. of the \$45,000,000 offered was subscribed by the public, so that the underwriters had to take up the remaining 60 per cent.

With regard to Tibet, the Chinese government intends to vigorously protest against the British occupation of the disputed frontier and to instruct the Chinese commissioner at L'Hassa to enforce strictly the Chinese customs and regulations on the Tibetan frontier.

The attention of the minister of agriculture has been called to the possibility of developing the tobacco industry in British Columbia, and he is sending Mr. Charlan, the Dominion tobacco expert, to make an examination and report on the tobacco possibilities of the province and to set in the way they should go those who have started with tobacco.

Canada is going to show the world what can be done in the way of producing fruits which require warm weather to mature. There will be displayed at the Festival of Empire, in London, this autumn an array of Canadian grown grapes and peaches which will open the eyes of the Britishers. Australian immigration agents have been telling the British people things about Canada's climate which are neither kind nor accurate. There will be shown in London such quantities of the finest grapes and peaches in the world that cold weather stories told by Canada's rivals will be refuted.

"The opening of the Panama Canal promises to have an important bearing on the flow of immigration from Europe," says Sir Donald Mann. "I should not be surprised to see a vast influx of people come via the new steamship route and to see 2,000,000 settlers occupying the fertile valleys of British Columbia within the next twenty years. Up to the present the newcomers land at the Atlantic seaboard and much of the best labor remains in the big cities. British Columbia has room for a vast population and it will attain it before long. The question of railways grid-ironing this province with branch lines will then be a live issue."

FOR SALE—Ten acres of cleared land, within two miles of Hazelton, with peeled log house and enough peeled logs to build a stable. Also 144 acres locally known as Mosquito Flats with 60 acres sowed to timothy and alfalfa. All fenced and seeded. Inquire of owner, Henry Coppock, Hazelton, B. C.

Take notice that Robert B. Barr, of Vancouver, auditor, intends to apply for permission to purchase the following described lands:

Commencing at a post planted at the southeast corner of lot 2174, thence north eighty chains, east eighty chains, south eighty chains, west eighty chains to point of commencement, containing 640 acres more or less.  
Sept. 5, 1912. Robert B. Barr.

SEALED TENDERS addressed to the undersigned, and endorsed "Tenders for Wharf at Massett, B. C.," will be received until 4 P. M., on Tuesday, October 15, 1912, for the construction of a Pile Wharf at Massett, (White Settlement), Queen Charlotte Islands, Comox-Atlin District, B. C.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of G. B. Hull, Esq., District Engineer, Prince Rupert, B. C., C. C. Worsfold, Esq., District Engineer, New Westminster, B. C., and on application to the Postmaster at Massett, B. C. Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and place of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given. Each tender must be accompanied by

an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.  
By order

## PREPARATIONS FOR NOVEMBER SESSION

Federal Cabinet Considers Pro-  
gram of Legislation and Date  
of Opening

Ottawa, Sept. 30.—In response  
to a call sent out last week to the  
ministers of the crown, a practi-  
cally complete cabinet council  
convened this morning in the  
office of the Privy Council, to  
commence the task of preparing  
the sessional programme.

One of the first things to be  
decided on is the date of the  
opening of Parliament, that will  
be either Thursday, November  
14, or Thursday, November 21,  
is certain. No matter which date  
is chosen, there remains only six  
or seven weeks in which the  
ministers must prepare for the  
consideration by Parliament of  
the various matters to be outlined  
in the speech from the throne.

By far the most important of  
these matters will be the govern-  
ment's declaration of naval  
policy, which has become a sub-  
ject of immediate consideration  
by the cabinet. The additional  
information from the admiralty  
which was promised Premier  
Borden has now been received,  
and the government is in posses-  
sion of the complete facts both  
in regard to the German situa-  
tion, and the cost of the construc-  
tion of war vessels of all  
types.

That action this session will be  
confined to the voting of an em-  
ergency contribution of a size yet  
to be determined by council is  
practically certain.

The permanent naval policy of  
the government will not likely be-  
come definitely known until the  
1913-14 session of parliament.

Many other matters of impor-  
tance will engage the attention  
of the ministers during the next  
few weeks including the new  
Bank Act, amendments to the  
Railway Act, the bill to create a  
Permanent Tariff Commission,  
the bill to provide Federal Aid to  
Highways and possibly the Re-  
distribution Bill.

### Germans Are Anxious

Berlin, Sept. 30.—Thoughtful  
Germans look upon the present  
situation in Great Britain with  
unconcealed anxiety, not on ac-  
count of the growth of the Brit-  
ish navy or the hostility and  
suspicion displayed so widely in  
England, but on account of the  
possibility of the fall of the pres-  
ent ministry and the installation  
of a Conservative government.  
Since the last by-elections with  
their steady Conservative gain,  
a number of prominent publicists  
are pointing out that a change of  
government will probably bring  
in its train in Great Britain tariff  
reform—a measure which will  
hit German industry far harder  
than the English patent legisla-  
tion which forced so many Ger-  
man factories to establish branch  
establishments in England. That  
the fall of the Liberal govern-  
ment is imminent is prophesied  
as a certainty.

Herman von Rath, a prominent  
member of the Prussian Diet,  
points out in an article in the  
"Tag" that for this menace the  
Germans and their navy develop-  
ment are in part to blame, since  
one of the factors behind this  
movement to abandon free trade  
is the need for more revenue to  
bear the cost of England's big  
naval programme which has been  
imposed upon the already enor-  
mous burdens for old age pen-  
sions, national insurance and  
other social legislation. If Eng-  
land adopts a customs tariff, Ger-  
many, which has with Great Brit-  
ain the largest trade relations,  
will find herself paying not only  
for her own big navy but for the  
British navy as well.

## PRE-EMPTIONS WILL BE INSPECTED NOW

Official Appointed to Supervise  
Lands Taken Up by Settlers  
In Province

Victoria, Sept. 30.—Many peo-  
ple throughout the province who  
have taken up pre-emption and  
have not performed the necessary  
settlement duties are liable to  
find themselves in trouble before  
very long. Less leniency will  
probably be shown in this re-  
spect in the future than has  
been the custom in the past.

Hitherto when a man applied  
for a pre-emption, it was entered  
on the books of the land depart-  
ment at Victoria and remained  
there until application was made  
for the crown grant. If the  
pre-emptor abandoned the land,  
this fact would not be ascertained  
until somebody else wanted it  
whereupon its status would be  
looked up. No harm has been  
done by this system, except per-  
haps in the case of forest land,  
and the government has always  
considered it good policy to give  
the pre-emptor as much consid-  
eration as possible. Of late,  
however, it has been judged well  
to become a little more stringent  
and to require the pre-emptor to  
do his settlement work within a  
reasonable time.

With this object in view an  
inspector of pre-emption, Mr.  
Hutchinson, has been appointed  
and other inspectors will be ap-  
pointed in the near future.  
Their duty will be to examine  
the pre-emption in order to see  
what progress the settler is mak-  
ing and to keep up to the mark  
as much as possible. Mr. Hutch-  
inson, who is now on an inspec-  
tion trip with this object in view  
in the country around Vernon, is  
said to have notified pre-emptors  
that they had better get busy.  
H. Cathcart, the recently ap-  
pointed deputy minister, will  
have special charge of these in-  
spectors and will also see that the  
pre-emption books in the lands  
office are kept up to date.

In regard to forest lands, the  
complaint was voiced at the re-  
cent forestry convention that  
what is really forest land has  
been sometimes given as pre-  
emptions and has then been  
promptly logged off and aban-  
doned. This abuse which was  
never very serious, will be cor-  
rected by the forestry bureau,  
which in future will see to it that  
no land is classed as agricultural  
which has more than the legal  
percentage of timber.

SEALED TENDERS addressed to the un-  
dersigned, and endorsed "Tender for  
Wharf at Refuge Bay, B. C.," will be re-  
ceived at this office until 4.00 p. m., on  
Thursday, October 24, 1912, for the  
construction of a Pile Wharf at Refuge  
Bay, Forcher Island, Comox-Atlin Dis-  
trict, B. C.

Plans, specification and form of con-  
tract can be seen and forms of tender  
obtained at this Department and at the  
offices of G. B. Hull, Esq., District  
Engineer, Prince Rupert, B. C., C. C.  
Worsfold, Esq., District Engineer, New  
Westminster, B. C., and on application  
to the Postmaster at Refuge Bay, B. C.

Persons tendering are notified that  
tenders will not be considered unless  
made on the printed forms supplied, and  
signed with their actual signatures,  
stating their occupations and places of  
residence, in the case of firms the  
actual signature, the nature of the oc-  
cupation, and place of residence of each  
member of the firm must be given.

Each tender must be accompanied by  
an accepted cheque on a chartered bank  
payable to the order of the Honourable  
the Minister of Public Works, equal to  
ten per cent (10 p. c.) of the amount  
of the tender, which will be forfeited  
if the person tendering declines to enter  
into a contract when called upon to do  
so, or fail to complete the work con-  
tracted for. If the tender be not ac-  
cepted the cheque will be returned.

The Department does not bind itself to  
accept the lowest or any tender.

By order

R. C. DESROCHERS,

Secretary.

## Local and District Notes

R. DeB. Hovell is spending a few days at the coast.

P. J. Jennings is on his way south, on mining business.

The Nine-Mile trail has been extended to the Silver Pick.

P. B. Carr and A. S. Beaton have returned from Bear river.

Mrs. J. Mason Adams and daughter are visitors in Telkwa.

Mrs. Purvis was a passenger for Telkwa on the auto stage.

Jack Gould and Frank Conway are in from their Chicken Lake lands.

F. B. Chettleburgh has gone to Vancouver for a few days, on coal business.

Walter Borns returned on Wednesday from a visit to his ranch in Bulkley Valley.

W. Lynch is now office manager for George M. Beirnes and Ruddy & Mulvany.

Ed Kohse and George Hauck, Chicken Lake ranchers, are spending a few days in town.

A son was born to Rev. C. E. and Mrs. Batzold, of Telkwa, at Hazelton hospital on Wednesday.

Wiggs O'Neill returned from the Valley on Wednesday, with a number of passengers in his auto stage.

George McBean will leave in a few days for Prince Rupert, taking his motor car to the coast for the winter.

J. B. Gottstein, of Prince Rupert, manager of W. J. McMillan & Co., came up on Wednesday's train, on business.

Four patients have been operated on for appendicitis during the last fifteen days at the hospital. All are doing well.

Hazelton Conservative Association held a general meeting on Thursday evening. Reports of officers were favorably received.

The regular quarterly meeting of the board of trade will be held in the rooms above Adams' drug store on Tuesday evening at 8.

McLaughlin & Co. are busy turning out several large orders for air pipe, to be used in the working mines around Hazelton.

J. S. Cline returned on Monday from a visit to the upper Bulkley Valley. He reports business conditions favorable throughout the district.

Dr. Harper is taking the place of Dr. C. G. McLean, assistant superintendent of Hazelton Hospital, who is enjoying a vacation in southern cities.

George M. Beirnes has returned from Vancouver, where he spent a fortnight on business connected with his valuable holdings in the Groundhog coal field.

R. D. Ross accompanies the party of men which is on the way to Coal creek, to continue development on the properties of the Copper River Coal Syndicate.

J. C. K. Sealy, who has been spending a fortnight in the Bulkley Valley, returned to town on Thursday, with good reports of conditions throughout the valley.

C. E. Bailey, fire warden in the Babine lake district, returned from the lake during the week. He reports only one bad fire during the summer, although smaller blazes kept him busy.

Harold Price, owner of lot 150, was in Hazelton on Wednesday evening. He predicts great things for South Hazelton, and is making extensive improvements on his land, which adjoins the townsite. He was accompanied by F. E. Fuller, of London, Eng.

The adjourned school meeting, held in the schoolhouse on Monday evening, completed the organization of the new board by electing J. E. Kirby third trustee, in succession to W. J. Lynch, resigned. The trustees reported that a sum in excess of \$100 would be required for current expenses during the winter, and were given authority to raise the necessary funds and make all arrangements necessary for the carrying on of school work.

J. L. Christie thinks the Skeena is a fine trout stream. In dipping a pail of water the other day he captured a four-pound rainbow trout.

Thomas Harrison and Burns Bowerman arrived in Hazelton on Monday, after a successful prospecting season in the Omineca river country.

J. S. Kennedy, proprietor of the Telkwa pool hall, and one of the pioneers of the Valley town, was in Hazelton during the week, on his way to the coast.

Among the Francois lake farmers who came in for supplies during the week were George Smith, James Newman, Leslie Acrea and Harry Taitan.

Work has been resumed on the Nine-Mile wagon road, which is to be extended for about a mile, to allow the Harris Mines to connect with it by means of a sleigh road.

Hugh Gibson, whose excellent work on the Manson trail has been commented on by all who use that highway, returned with his crew on Thursday, having finished his season's work.

Bliss G. Ellis, who has been for some months a member of the Broughton & McNeil staff at Aldermere, came in on Monday, leaving on Thursday for Winnipeg, where he will spend the winter.

Arthur Skelthorne has returned from a business visit to the coast. In the future he will devote his attention mainly to the Groundhog properties in which he is associated with Vancouver and eastern capitalists.

Miss Ritchey, who has been visiting her sister, Mrs. R. C. Sinclair, in Hazelton, left for her home in Seattle on Thursday, but will spend a week with friends in Prince Rupert before returning to the Sound city.

E. C. Stephenson has resigned the office of deputy coroner, after long and efficient service. The attorney-general's department has not as yet taken any action on his resignation, and it is not known who will be appointed to succeed him.

Al Johnson has secured the rink concession from the Athletic Association, and is now making preparations for the construction of a rink on the athletic grounds. The sheet of ice will have an area of 80 by 170 feet, and its convenient location will be most advantageous to the hockey team, as well as to citizens who enjoy skating.

A. E. Falconer and Hunter Corner, who have spent a couple of months in the Groundhog district, where they are interested in promising coal lands, returned to Hazelton on Monday. The season's work, they say, has practically demonstrated the great extent of the upper Skeena coal field and the immense value of the anthracite coal deposits.

A fortnight ago Robert McClain, formerly a teamster in Hazelton, was taken ill while freighting on the Bulkley road. Pneumonia developed and, his condition becoming serious, he was brought in to the hospital a few days ago. Every care was given him after his arrival at the hospital, but he failed to rally, and his death occurred yesterday morning. Deceased was a member of the Fraternal Order of Eagles. Omineca Aerie, of Hazelton, will take charge of the funeral arrangements.

The first wagon to be driven to Francois lake, via Burns lake, was that of C. Bransby Williams, of Killay ranch. It took nearly three days for J. H. Keefe, the driver, to negotiate the twelve miles between the end of the tote road, at the head of Decker lake, and the Burns lake bridge, where the North Francois road reaches the railway line. Messrs Williams and Keefe were in Hazelton during the week, and will leave today for Francois, with supplies.

John J. Anderson, a Francois lake settler, was in town during the week.

Robert Jeffrey, of Francois lake, accompanied by his two sons, spent a couple of days in town during the week. Mr. Jeffrey left for Vancouver on Thursday.

Harry Webber, steward of the Ingineca Cafe, is absent on a business trip to Prince Rupert. Ed. Kohse is officiating in the absence of the popular "Slats."

News has been received from the east of the death of the brother of J. Mason Adams and J. F. Adams, of Hazelton. The latter was on his way to his brother's bedside when the sad event occurred.

At the construction supply cache at Barrett's ranch, on Saturday last, D. L. McLennan, who is in charge of the contractors' supplies at that point, died suddenly of heart disease. Deceased was 23 years of age and a native of Scotland. He had been employed by Foley, Welch & Stewart since his arrival in Canada, three years ago. His brother, M. McLennan, of Prince Rupert, will accompany the remains to the coast, where the funeral will be held.

Severe criticism of the medical staff on construction has been occasioned by the delay in obtaining a death certificate in this case. It appears that some, at least, of the physicians in the contractors' hospital service, are not qualified to issue certificates. An investigation of this and other matters relating to the hospital service will be asked for.

**NOTICE—Members of Omineca Aerie are requested to attend the Funeral of our late Brother, Robert McClain, at 2:30 p. m., Sunday**

**Cottage for Sale.** Small residence, with furniture, for sale at a bargain. Enquire at Galena Club.
